The Prospectus Documents will not be registered or filed under the applicable securities or equivalent legislation of any jurisdiction other than in Hong Kong and Taiwan.

In compliance with Rule 13.36(2)(a) of the Listing Rules, the Directors will make enquiries as to whether the issue of Offer Shares to the Overseas Shareholder(s) may contravene the applicable securities legislation of the relevant overseas places or the requirements of the relevant regulatory body or stock exchange.

If, after making such enquiries, the Directors are of the opinion that it would be necessary or expedient, on account either of the legal restrictions under the laws of the relevant place or any requirement of the relevant regulatory body or stock exchange in that place, not to offer the Offer Shares to such Overseas Shareholder(s), the Open Offer will not be extended to such Overseas Shareholders. Beneficial owners with their Shares held by such nominee company are advised to consider whether they would like to arrange registration of their

Shares in their own names prior to the relevant book closure period. Beneficial owners should consult their professional advisers if they are in any doubt as to whether they should register their shareholding in their own names.

REASONS FOR THE OPEN OFFER AND USE OF PROCEEDS

The Group is one of the leading manufacturers of monocrystalline silicon solar ingots, measured in terms of production output and sales, in the PRC. The Group is principally engaged in (a) manufacturing and sales of monocrystalline and multicrystalline silicon solar ingots and wafers; (b) processing of silicon solar ingots and wafers; (c) manufacturing and sales of photovoltaic cells and modules; and (d) design and installation of photovoltaic systems.

The Group has encountered difficulties in its businesses and suffered a significant deterioration in financial performance since 2012. Based on the unaudited results of the Company for the six months ended 30 June 2012 as set out in the Company's interim report, the Group recorded a loss attributable to Shareholders of approximately RMB685.5 million, as compared to a profit attributable to Shareholders of approximately RMB113.3 million in the corresponding period in 2011, and the Group recorded a significant loss of approximately RMB663.4 million (before taxation) in the first half of 2012, as compared to a profit of approximately RMB140.2 million (before taxation) in the corresponding period in 2011. As set out in the annual report of the Company for the year ended 31 December 2011, the Group recorded an audited profit attributable to Shareholders of approximately RMB44.2 million, as compared to an audited profit attributable to Shareholders of approximately RMB211.4 million for the year ended 31 December 2010.

The Directors consider additional bank borrowings for the above capital requirements will increase the Group's overall gearing ratio and burden the Group with increased interest expenses, thereby exposing the Group to greater financial risk. As such, the Directors are of the view that the Open Offer is in the interest of the Group as the increase in the capital base of the Group would strengthen the financial position of the Group in the face of a challenging operating environment in the solar industry.

The estimated net proceeds from the Open Offer will be approximately HK\$89.2 million (after deducting the costs and expenses in relation to the Open Offer). The Group will apply all the net proceeds to repay its current outstanding interest-bearing bank loans.

The estimated expenses in relation to the Open Offer, including financial, legal and other professional advisory fees, printing and translation expenses, of approximately HK\$3.8 million, will be borne by the Company. The Directors have considered other alternative fund raising methods such as offer of new shares and bank borrowings and consider that the Open Offer has the benefits of allowing the Qualifying Shareholders to maintain their respective pro rata shareholdings if they take up their entitled Offer Shares and participate in the future growth of the Group.

After considering the recent financial needs and condition of the Company, the Directors (including the independent non-executive Directors) believe that the Open Offer is fair and reasonable and in the interests of the Company and the Shareholders as a whole.

No odd lot matching services will be provided by the Company in respect of the Open Offer.
